As we face the rising costs and struggles of our day to day lives we are still mindful of families , refugees, the elderly, those living alone and others in our society who are finding it difficult to cope. Difficult to find strength and motivation each day to overcome the challenges they face.

This is why St. Bartholomew's PCC started the 'Comfort & Joy' fund, during the pandemic, and why we have decided to continue our efforts to provide some respite for those who need it in our community.

*It was an amazing response in 2020 and we would be very grateful if anyone would like to contribute to help us to keep going.*

*Please email me if you would like more details*
